Casa Nathanal is a 2-storey villa in a quiet location of only 3 properties and just a short walk from the village of Los Romanes with all of its amenities. The house sits on a large plot with open views across the countryside, the plot is largely made up with olive trees and in front of the villa is an 8 x 4 swimming pool with a tiled area around it, perfect for sun loungers or al fresco dining. On the first level there are 2 bedrooms with fitted wardrobes, a shared Jack and Jill bathroom and a sitting room that could be reformed into a kitchenette, making the lower level a self-contained apartment. On this level there is also a large garage for 2 vehicles. There is an external staircase to reach the main living area which has a long cover
