Casa Tejeda - discover peace and privacy in this beautifully reformed detached two-bedroom home. Nestled in a tiny, peaceful hamlet with no road noise, this home offers the ideal retreat for those seeking quiet country living. There is communal parking just a short walk from the property, with the option to bring a small car directly onto the plot through the gated entrance. The property has 6 solar panels, a 3.6 kW inverter, and a 5.5 kWh battery. Inside, the home is full of character and built to last, featuring solid thick stone walls (60–70 cm) that provide natural insulation — keeping it cool in summer and warm in winter. The living area includes a wood-burning stove (installed two years ago). The main bedroom comfortably fits
