EXCLUSIVE: Cortijo Las Palmas is a south west facing villa that sits proudly near the top of a fully fenced 6000 sqm plot and has stunning uninterrupted views over the valley and surrounding countryside. Located only a 10 minute walk from the village of Alcaucin this detached home is very secluded and peaceful. Its gated entrance leads down a printed concrete driveway, where there is ample parking for several cars and a large detached double garage. At this stage the first WOW will be the view looking toward the lake, with minimal roof-top disruption over the rolling olive groves. It has a large 10 x 5 oval shape pool which is surrounded by an extensive terracotta terrace with effective fully irrigated landscaping to help frame ' La Vista.`
