Cortijo Sofie is located at the top of Cortijos Romero, the first urbanisation to be built in this area, over 17 years ago. Originally commissioned by an architect, this impressive, high-quality Cortijo is more than 25 years old, although its condition suggests that it's a matter of months old. Built with many bespoke and imported materials of the highest quality and authenticity, which quickly becomes apparent upon viewing. An electric-gated entrance is provided, and the fully enclosed plot is some 4000m², which has been landscaped and irrigated. The property sits prominently at the most elevated point with views of mount Maroma, the Mediterranean, and Lake Vinuela. The property has ample parking and access directly to the impressive front...(Ask for More Details!)
